Description

A wireless charger for smartphones conforming to the Qi standard. Easy to charge your phone without cables. Just place your phone on the charging plate.

Warranty

Misuse or improper placement of this product by users may result in shortened life or damage, and any resulting damage is not covered by the warranty or the manufacturer's liability. Manufacturer's warranty 24 months

Power supply

We recommend to use power from the USB port or from the cigarette lighter socket.

Warnings

For safety, please do not use this product in high temperatures to avoid short circuits. Please do not drop this product or expose it to live flames. In addition to a MagSafe-enabled mobile phone, users are recommended to have a case with a magnetic function for better grip. For users without MagSafe, the set includes an aluminum ring that should be stuck to the previously degreased case. We do not recommend sticking the ring directly to the phone.

Disposal and recycling

This symbol on the product, battery, literature, or packaging means that the products and batteries should be taken to separate waste collection points designed by local authorities at the end of the lifespan. This will ensure that WEEE waste is recycled and treated in a manner that conserves valuable materials and protects human health and the environment.

Declaration of Conformity (DoC)

Hareby 3mk Protection Sp. z o.o., declares that this products is in compliance with essential requirements and other provisions of the directive 2014/53/UE.
