Precautions

1. It is recommended to use a power supply of more than 20W.
2. The product has an overcurrent and overvoltage protection function. Incorrect use will result in shutdown or reduced output, check if the equipment is used correctly.
3. Maintain the working environment temperature between 0-25°C. Do not expose the product to water, fire, high temperatures (>40°C) or low temperatures (<-20°C). Keep it out of reach of children.
4. Use a dry, soft cloth to clean the surface, do not use chemicals, soap or detergents.

Usage

- 1 The wireless charger is dedicated to phones with MagSafe functionality.
- 2 Plug the cable into the charger and connect it to the power supply.
- 3 Place the phone on the charger. If it is not charging properly, adjust its position.
- 4 To use the charger as a stand, pull out the ring.

Disposal and recycling

This symbol on the product, battery, literature, or packaging means that the products and batteries should be taken to separate waste collection points designed by local authorities at the end of the lifespan. This will ensure that WEEE waste is recycled and treated in a manner that conserves valuable materials and protects human health and the environment.

Declaration of Conformity (DoC)
Hareby 3mk Protection Sp. z o.o., declares that this products is in compliance with essential requirements and other provisions of the directive 2014/53/UE.

Warranty

Improper use or misplacement of this product by users may result in shortened service life or damage, and any resulting damage is not covered by the warranty or is not the responsibility of the manufacturer. Manufacturer's warranty 24 months.
